U.S. DISTRICT COURT  
DISTRICT OF MASS.

Olin Hulsey

vs  
United States et al.

(1983 Civil Right)

Petition for Relief from Constitutional  
Violation of Cruel and Unusual Punishment  
Attempted Murder/Heinous Assault

Comes now, Olin Hulsey, Pro Se, and seeks  
immediate relief to avoid any further  
cruel and heinous actions that place  
Hulseys life in potential death situations.

The first week of March this year Hulsey  
was yet again falsely arrested only a few  
days after the Eleventh Circuit Court of  
Appeals issued a favorable decision to  
Hulsey as to numerous false imprisonment  
cases. That case on appeal.

Hulsey vs State of Alabama et al.

The Appeals Court sealed all of those cases.  
The District Court in Birmingham Dismissed  
Hulseys petition. And now after the

Appeals court decision the District Court falsely arrests Hulsey on a frivolous charge based on facts that the Appeals Court ordered sealed.

for two months Hulsey was subjected to Diesel Therapy. Hulsey now just over 2 and a half months has been to 13 facilities.

About three weeks ago Hulsey perfected a Habeas Corpus Petition in Oklahoma. Hulsey mailed said petition on Monday to OKC Federal District Court, And Birmingham and the US Supreme Court.

The very next day, Hulsey was taken to a very fancy Lear Jet and flew to Massachusetts all by himself. Somebody didn't want Hulsey to have access to the Courts.

Upon arrival in Massachusetts Hulsey was taken to Federal Medical Center Devon.

Note: FMC Devon was on lockdown because of a Covid 19 Coronavirus outbreak. The facility was not moving inmates in or out.

Apparently, someone wanted Hulsey at that facility.

Once inside the intake area of FMC Devon, Hulsey was asked to release his protected government medical records from the VA medical center. Hulsey refused.

Then Hulsey was taken to a nurse who berated him with questions about his case at the VA. Hulsey refused to give up his protected information.

Then Hulsey was taken in front of a prison officer who wanted Hulsey to sign documents but didn't want Hulsey to read them. The man actually told Hulsey to just put a X on it. Hulsey refused.

Note. Not at anytime was Hulsey out of line or aggressive in any way.

At that point, in comes the captain. He was acting in a threatening and an intimidating manner. He then said Hulsey was going to lockup for 14 days.

Note. At FMC Devon the active Covid 19 Corona Virus patients were being housed in lockup / SHU

Hulsey was unaware until six days later, when Hulsey got sick. he was infected with the potentially deadly virus.

One must ask at this point, was the decision a juvenile action of the guards in the intake area or was there some predetermined directives made before Hulsey got there.

Note. The Court should immediately initiate an investigation so as to determine who is responsible for the criminal decisions.

It's more likely than not that the juvenile actions were in fact intentional to infect Hulsey with the Covid 19 Corona Virus.

Because the virus is potentially deadly, it is easy to believe that Hulsey being placed where he would be infected is in fact a  
Attempted Murder  
at the very least its a heinous assault.

## Conclusion:

The case the Eleventh Circuit Court of Appeals sealed and gave Hulsey a favorable decision on.

It's very likely the biggest civil rights case to come through Alabama since Martin Luther King came thru.

In 1999 Hulsey was sent to Prison with a 34 year sentence by a Judge who was and is still the Grand Wizard of the kkk.

That man knew he had no right to imprison Hulsey. Hulsey has proven the man tampered with the record to deceive the appellate court.

The Court Reporter tampered with the total transcript. And the Clerk tampered with her record as well. All Proven.

It's no accident Hulsey was sent to FMC Devons and intentionally placed where he would be infected with a Deadly Virus.

The current false imprisonment is the fourth in 18 months. All to cover up or prevent Hulsey from exercising his rights.

Hulsey request the Court take action  
to protect his life and prevent any  
further Constitutional Violations
